I/We hereby confirm our acceptance of bank products and services offered by DBS Bank (Taiwan) Ltd ("Bank") and agree to be bound by relevant terms and conditions and agreement
- 2. If single control mechanism has been applied by us, I/we confirmed that we have read, understood and agreed to the risk disclosures regarding the single control mechanism as detailed in Clause 2.1(b) of Part B of GENERAL BANKING TERMS AND CONDITIONS. I/We agree to bear all risks and losses that may arise from adopting the single control mechanism.
- 3. I/We acknowledge that we may complete the FX transaction online under the FX Online service by only one User. I/We shall use the same name account for the settlement of the online FX transaction processed under FX Online.
- 4. Risk Disclosure Statement:

This risk disclosure statement discusses the characteristics and risks of having a single control ("Single Control") for transactions initiated through the FX Online service provided by the Bank. For all transactions initiated through the FX Online service, only Single Control is available. Single Control is a procedure whereby only one single person is required to complete a specified process and initiate and approve transactions. When compared to Dual Control which requires two or more people to complete a transaction (one user to create transaction, and another user with higher authority to approve the transaction), there is a higher risk of fraudulent actions in respect of Single Control. Please read the risk disclosure statement of Single Control mentioned above carefully with respect to the risk of using the FX Online service. I/We authorise the Bank to provide online FX transaction service for the instructions/order received via FX Online platform. Regarding to the Single Control, I/We confirm we have read above risk disclose statement of Single Control for the FX Online service and have authorised the Bank to set our FX Online service as Single Control, I/We fully understand the nature and the risk of Single Control and have agreed to afford and be responsible for the potential risk and loss that may incur by using the Single Control for the FX Online service. I/We have confirmed and agreed to fully compensate the Bank and hold the Bank fully indemnified from any loss, costs (including lawyer's fee on a full indemnity basis), charges, damages, claims, demands, actions, proceedings and all other liabilities suffered by the Bank or which may be brought against the Bank as a result of the Bank agreeing to act on such authorisation. I/We understand and agree that the Bank can inform us for the termination or adjustment of the Single Control at any time. Reminders: I/We understand that when I/We making any instructions or orders of FX transactions through FX Online System and after accepting the quotation, such FX transactions will still be executed and completed after completion of necessary system checking on fulfillment of certain transaction conditions with system replying successful message and email. The confirmed settlement price is subject to the settlement price provided in the notice email of successful transaction. I/We authorise the Bank to credit the settlement amount in our same name account opened with the Bank on the settlement date to complete the transaction settlement. As for AFFILIATED ENTERPRISES AUTHORISATION (if applicable), if the FX transactions through FX Online is conducted by our affiliate company (its subsidiary), then the settlement needs to be completed in the same name account of the affiliate company (subsidiary) opened with the Bank. If I/ We or our affiliate companies (subsidiaries) have other subsequent transfer or remittance request, they shall apply for such additional transacting instructions separately.

By signing this form, I/We hereby confirm that I/We have received, read, understood and agreed to the section of "Declaration, Agreement and Authorised Signatories Requirement" of this Application and Maintenance Form, and I/We agree to abide and be bound by the terms and conditions.
