(2) The applicable Consideration (as defined below) payable per each US\$1,000, €1,000 or £1,000, as applicable, principal amount of each series of Notes validly tendered for purchase, will be calculated in accordance with the formulas set forth in Annex 2, Annex 3 and Annex 4 to the Offer to Purchase, based on the fixed spread specified in the table above (the “Fixed Spread”) for such series of Notes plus the yield of the specified Reference Security/Interpolated Swap Rate for that series as quoted on the Bloomberg Reference Page specified in the table above as of 11:00 a.m. (New York City time) on July 12, 2022, unless extended with respect to the applicable Offer (such date and time with respect to an Offer, as the same may be extended with respect to such Offer, the “Price Determination Date”).

(3) Per US\$1,000, €1,000 or £1,000, as applicable, principal amount of each series of Notes validly tendered and accepted for purchase. We make no representation with respect to the actual Consideration payable in connection with the Offers, and such amounts may be greater or less than those shown in the above table depending on the yield of the applicable Reference Security or the Interpolated Swap Rate on the Price Determination Date.

(1) Including Notes held by Petrobras or its affiliates.

(2) The applicable Consideration per each US\$1,000 principal amount of each series of Notes will be calculated as described in footnote (2) to the table above.

(3) Per US\$1,000 or principal amount of each series of Notes validly tendered and accepted for purchase. Calculated as described in footnote (3) to the table above.

(4) The par call date for this series of Notes is December 10, 2050.

(5) The par call date for this series of Notes is December 3, 2049.

The applicable consideration payable for each series of Notes (the “Consideration”) will be determined at 11:00 a.m., New York City time, on July 12, 2022, unless extended with respect to an Offer, the Price Determination Date. The Offers will expire at 5:00 p.m., New York City time, on July 12, 2022 unless extended with respect to an Offer (such date and time, as the same may be extended with respect to an Offer, the “Expiration Date”). Notes validly tendered may be withdrawn at any time prior to 5:00 p.m., New York City time, on July 12, 2022, unless extended with respect to an Offer, but not thereafter. The settlement date of the Offers will occur promptly following the Expiration Date, expected to be no later than three business days following the Expiration Date, which is expected to be July 15, 2022 (the “Settlement Date”).

Holders of Notes who (1) validly tender and do not validly withdraw their Notes on or prior to the Expiration Date or (2) deliver a properly completed and duly executed notice of guaranteed delivery and other required documents pursuant to the guaranteed delivery procedures described in the Offer to Purchase on or prior to the Expiration Date, and deliver their Notes on or prior to 5:00 p.m., New York City time, on the second business day following the Expiration Date, which is expected to be July 14, 2022 (the “Guaranteed Delivery Date”), will be eligible to receive the applicable Consideration determined as described in the Offer to Purchase, as well as accrued and unpaid interest from, and including, the last interest payment date for the Notes to, but not including, the Settlement Date (the “Accrued Interest”).

The Offers are not contingent upon the tender of any minimum principal amount of Notes of such Tender Group or the completion of the Offers of either Tender Group 1 or Tender Group 2, as the case may be. The consummation of an Offer within a Tender Group is not conditioned on the consummation of the other Offers within such Tender Group or on the consummation of the Offers in the other Tender Group. Each Offer is independent of the other Offers, and PGF may, subject to applicable law, withdraw or modify any Offer without withdrawing or modifying other Offers.

PGF will not be obligated to (i) accept for purchase any validly tendered Notes or (ii) pay any cash amounts or complete the Offers, unless certain conditions are satisfied or waived prior to the Expiration Date, including customary conditions such as that PGF will not be obligated to consummate the Offers upon the occurrence of an event that adversely affects Petrobras’s or PGF’s businesses or PGF’s ability to consummate one or more of the Offers or to realize the contemplated benefits from one or more of the Offers, or the enactment of any law, rule or court order that prohibits or materially delays one or more of the Offers or that places material restrictions on one or more of the Offers.

PGF’s obligation to complete an Offer for a series within a Tender Group is conditioned on the aggregate Consideration for the Offers with respect to such Tender Group, excluding the Accrued Interest with respect to each series (the “Aggregate Consideration”), (x) not exceeding the Maximum Consideration for

Tender Group 1, with respect to Tender Group 1, and (y) not exceeding the Maximum Consideration for Tender Group 2, with respect to Tender Group 2 (the “Maximum Consideration Condition”).

If the Maximum Consideration Condition is not satisfied with respect to each series of Notes within a Tender Group, for (i) a series of Notes within such Tender Group (the “First Non-Covered Notes”) for which the Maximum Consideration for such Tender Group is less than the sum of (x) the Aggregate Consideration for all validly tendered First Non-Covered Notes for such Tender Group and (y) the Aggregate Consideration for all validly tendered Notes of all series for such Tender Group, having a higher acceptance priority level as set forth on the cover of the Offer to Purchase (the “Acceptance Priority Level”) (with 1 being the highest Acceptance Priority Level and 12 being the lowest Acceptance Priority Level (in the case of Tender Group 1) or 8 being the lowest Acceptance Priority Level (in the case of Tender Group 2)) than the First Non-Covered Notes for such Tender Group, and (ii) all series of Notes for such Tender Group with an Acceptance Priority Level lower than the First Non-Covered Notes for such Tender Group (together with the First Non-Covered Notes, the “Non-Covered Notes”), then PGF may, at any time at or prior to the Expiration Date:

- (a) terminate an Offer with respect to one or more series of Non-Covered Notes for such Tender Group for which the Maximum Consideration Condition for such Tender Group has not been satisfied, and promptly return all validly tendered Notes of such series, and of any series of Non-Covered Notes for such Tender Group, to the respective tendering holders of Notes; or
- (b) waive the Maximum Consideration Condition with respect to one or more series of Non-Covered Notes for such Tender Group and accept all Notes of such series, and of any series of Notes within such Tender Group having a higher Acceptance Priority Level, validly tendered; or
- (c) if there is any series of Non-Covered Notes for such Tender Group for which:
 - 1. the Aggregate Consideration necessary to purchase all validly tendered Notes of such series, *plus*
 - 2. the Aggregate Consideration necessary to purchase all validly tendered Notes of all series having a higher Acceptance Priority Level than such series of Notes, other than any Non-Covered Notes,

are equal to, or less than, the Maximum Consideration for such Tender Group, accept all validly tendered Notes of all series having a lower Acceptance Priority Level within such Tender Group, until there is no series of Notes with a higher or lower Acceptance Priority Level within such Tender Group to be considered for purchase for which the conditions set forth above are met.

It is possible that a series of Notes with a particular Acceptance Priority Level within a Tender Group will fail to meet the conditions set forth above and therefore will not be accepted for purchase even if one or more series with a higher or lower Acceptance Priority Level within such Tender Group is accepted for purchase. If any series of Notes is accepted for purchase under the Offers for a Tender Group, all Notes of that series that are validly tendered will be accepted for purchase.

For purposes of determining whether the Maximum Consideration Condition for each Tender Group is satisfied, PGF will assume that all Notes tendered pursuant to the guaranteed delivery procedures described in the Offer to Purchase will be duly delivered at or prior to the Guaranteed Delivery Date and PGF will not subsequently adjust the acceptance of the Notes in accordance with the Acceptance Priority Levels if any such Notes are not so delivered.

PGF reserves the right, subject to applicable law, to waive one or more conditions at any time, including the Maximum Consideration Condition with respect to any Offer within a Tender Group, even if the series of Notes relating to such an Offer has a lower Acceptance Priority Level than other Non-Covered Notes with a higher Acceptance Priority Level.

In determining the Aggregate Consideration available for purchase against the Maximum Consideration for each Tender Group and available for purchases pursuant to the Offers with respect to such Tender Group, the aggregate U.S. dollar-equivalent principal amount of EUR Notes and GBP Notes tendered and accepted in such Offers shall be calculated at the applicable exchange rates, as of 11:00 a.m., New York City time, on the Price Determination Date, as reported on Bloomberg screen page “FXIP” under the heading “FX Rate vs. USD,” (or, if such screen is unavailable, a generally recognized source for currency quotations selected by the Dealer Managers (as defined below) with quotes as of a time as close as reasonably possible to the aforementioned).

PGF expressly reserves the right, subject to applicable law, to: (i) delay accepting the Notes or extend the Expiration Date or, if the conditions to the Offers are not satisfied, terminate such Offers at any time and not accept the Notes; and (ii) if the conditions to the Offers are not satisfied, amend or modify at any time, the terms of the Offers in any respect, including by waiving, where possible, any conditions to consummation of the Offers. If PGF exercises any such right, it will give written notice thereof to the Depository (as defined below) and will make a public announcement thereof as promptly as practicable and, in the case of termination, all Notes tendered pursuant to the terminated Offer(s) and not accepted for payment will be returned promptly to the tendering holders thereof.
